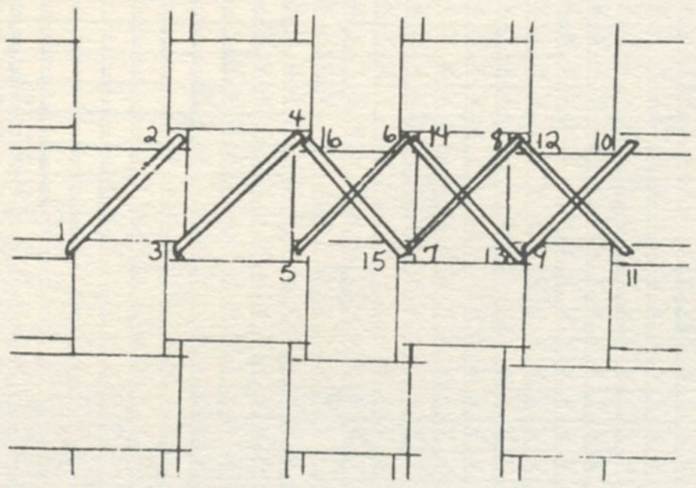
PRECIOUS MOMENTS™

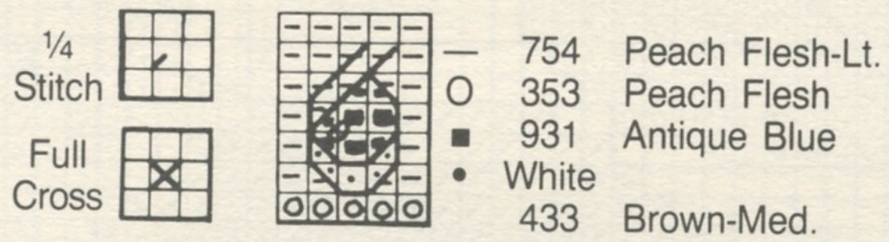
FULL CROSS STITCH

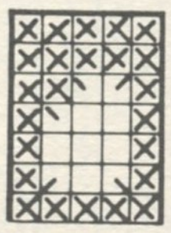


Be sure that all your stitches lay in the same direction. Bottom stitches in one direction and top stitches in the opposite direction. We work our stitches from the bottom left-hand corner to the top right-hand corner, then return in the opposite direction.

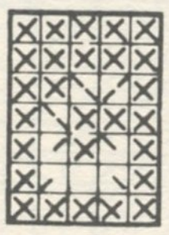
¼ STITCH

To capture detail in our designs, we are calling out the combination halfstitch, as shown. The sample below is an illustration of an eye. Stitch this sample on 14 Aida and you will become aware of why we are able to capture the detail that makes our designs more life-like.

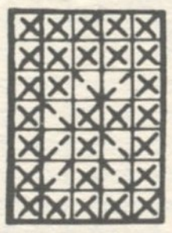




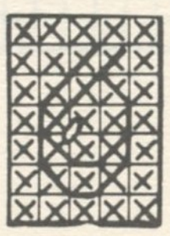
1. Work the flesh marked O and — making ¼ stitches where shown. There are five.



2. Work the dark stitches marked ■ making ¼ stitches where shown. There are five.



3. Work the white of the eye marked • making ¼ stitches where shown. There are four.



4. The backstitching in brown will complete the full cross stitch. A little white stitch is added to eye where marked ○ for a highlight.

SYMBOL WITH BACKSTITCH

Whenever there is a backstitch over one square and two symbols in that square, you make a full cross stitch in that square.

BACKSTITCHING INSTRUCTIONS

Backstitching (BS) is a part of some designs — also used for lettering. The purpose of the backstitch is to form a continuous line with each stitch touching. It may travel in any direction.

When using a single strand for BS, catch the tail of your floss by bringing your needle up on opposite sides of the floss until secured.

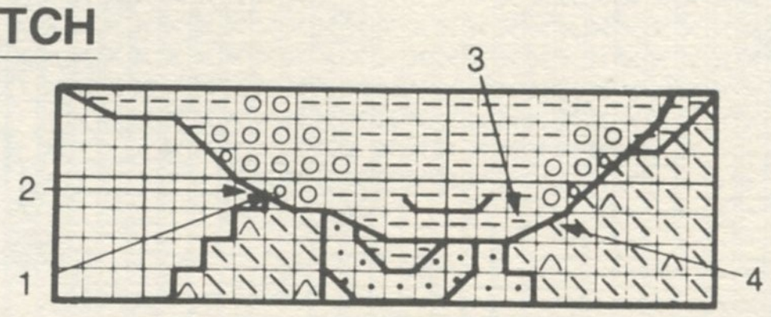
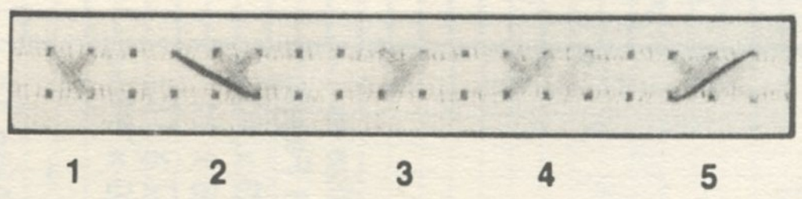
¾ STITCH



To make our characters look more life-like, we have developed a technique to give the bodies a more rounded appearance when stitching across 2 squares (vertically or horizontally).



Step 1 — *(See illustration #1.)* Make a ¾ stitch in color indicated by symbol (O).
Step 2 — *(See illustration #2.)* The backstitch will give the rounded look without a stitch in the square.
Step 3 — *(See illustration #3.)* Make a ¾ stitch in color indicated by symbol (—).
Step 4 — *(see illustration #4.)* Make a ¾ stitch in color indicated by symbol (\ ).
Step 5 — *(See illustration #5.)* The backstitch will give the rounded look without completely filling in a square.

FRENCH KNOT

(Using 1 strand of Floss)

1. Come up through fabric at point A. *(Figure 1)*
2. Hold floss in your left hand. Lay your needle over floss and **wrap floss 3 times** going clockwise. *(Figure 2)*
3. Keep holding floss securely with left hand and insert needle near point A (**not** in same hole). With floss still in your left hand (to help guide floss) pull your needle through to the back of your fabric. *(Figure 3)*

Happiness depends on whether or not, we have our act together

Happiness is the Lord

Lord, keep

Each day is very special when we kindly share it with a friend

One can never be alone who has a friend to call his own

keep us on the ball

If we're puffed up in pride too soon,
the Lord just might pop our balloon

We won't end up in trials deep,
if we just look before we leap

Good friends always stand behind you
